GENERAL ELECTRIC REVIEW

INDEX TO VOLUME XXVII

January, 1924—December, 1924

Prepared by the Main Library of the General Electric Company

INDEX TO SUBJECTS

PAGE

Absolute size, influence on mechanical strength....328
Air mail radio equipment....492
Arc welding (*See* Welding, arc)
Articulated trains, Detroit three-car....441
  costs (Stat.)....444
  dimensions (Stat.)....445
  operating data (Stat.)....442
  weights and seating capacity (Stat.)....442, 444
Atlantic City boardwalk lighting (*See* Lighting, electric, street)
Atomic theory (Bibl.)....457
Automatic stations (*See also* Substations, automatic)....394
  alternating-current feeders....402
  condensers, synchronous....396
  converters, synchronous....397
  hydro-electric....400
    developments 1923....17
  motor-generators, synchronous....396
  transformers....400
Auxiliaries, central station (*See* Central station auxiliaries)
Axiotrons (*See* Vacuum tubes, axiotrons)

Battery charger, Magnar, developments 1923....30
Bearing currents, electrical machinery....188
  (Bibl.)....198
Bearings, investigations....318
Biographies
  Campbell, Wilfred....564
  Edison, Thomas A....238
  Henry, Joseph....85
Brazil, Paulista Railway electrification (*See* Railroads, electrification)
Brooklyn Edison Co., Hudson Ave. Station (Ed.)....351

Cables, high voltage
  developments 1923....39
  direct-current testing sets, developments 1923....39
Campbell, Wilfred (In Mem.)....564
Candle-power, measurement by photo-electric cell....592
Carbon dioxide, fire extinction in generators....650
Carrier current communication, developments 1923....45
Cars, electric, light weight, double truck, developments 1923....15
Central station auxiliaries, motor drive
  control....409
  motors....404
    double-squirrel-cage....405
    polyphase brush-shifting shunt....406
    variable-speed, series-characteristic, brush-shifting....409
  power supply....413
Central station steam plants (*See* Power plants, steam)
Charles A. Coffin Foundation awards
  (Ed.)....213
  fellowships....486
  General Electric Company employees....278
  Northern Texas Traction Co....728
  Public Service Company of Northern Illinois....485
Chicago, Milwaukee & St. Paul R. R., 3000-volt gearless passenger locomotive, exhibition trip....440
Circuit breakers, oil
  developments, 1923....46
  tests....822
    equipment....822
    factors investigated....822
      break distance....822
      duty cycle....826
      gas production....826
      oil....823, 825, 826
      plain and explosion chamber breakers compared....828
      speed of break....823
      tanks....824
      venting....823
Circuits with iron core reactances and capacity, graphic solution....260
Coal conveyors, motor drive, developments 1923....25
Coal hoists, motor drive, developments 1923....25
Coffin Foundation awards (*See* Charles A. Coffin Foundation awards)
Control
  central station auxiliaries, motor-driven....409
    fans....410
      group control....412
    pumps....410
    stokers....413
  electric locomotives
    internal combustion....675
    Mexican Railway....276
    Paris-Orleans Railway....149
    Spanish Northern Railway....661

PAGE

Control (*Cont'd*)
  industrial motors, developments 1923....23
  remote (*See* Remote control systems)
Controllers, magnetic
  alternating-current, definite-time relay for....624
Converters, frequency, developments 1923....21
Conveyors, coal, motor drive, developments 1923....25
Copper industry....214
Crystal lattices....795
Crystallography....742, 795
  (*Continued into year 1925*)
  crystal lattices....795
  diffraction of x-rays by crystals....742
  (Ed.)....713

Dams, height of principal (Stat.)....84
Davis Bridge Plant, New England Power Company....665
Detroit three-car articulated trains....441
Diesel-electric ship propulsion (*See* Ship propulsion, electric, Diesel engine type)
Diffraction of x-rays by crystals....742
Discharges, electric, low-pressure gases...449, 538, 616, 762, 810
  (*Continued into year 1925*)
Distribution feeders, application of current-limiting reactors....361
Dynamos, Edison bipolar (*See* Generators, Edison bipolar)

Edison Electric Illuminating Co., Weymouth Power Station, 1200-lb. pressure turbine-generator....714
Editorials
  Broadcasting....139
  Charles A. Coffin Foundation Awards....213
  Charles Proteus Steinmetz, a Tribute....647
  Gas and Oil Electric Cars and Locomotives....647
  George E. Emmons: a Sketch of His Career and Character....777
  Hudson Ave. Station of the Brooklyn Edison Co....351
  Important Contribution to the Power Industry....491
  Neighbors....5
  Prizes, Familiarity and the Public....571
  Railways....287
  Scientific Crystal Gazing....713
  70,000 Horse Power....77
  "Tongues in trees, books in the running brooks, Sermons in stones, and good in everything"....419
Electric discharges in low-pressure gases...449, 538, 616, 762, 810
